

COMMUNITY RESOURCES

Community Resources is a place for your community to share important documents, guides, forms, newsletters, contact information, and other types of communications.

The Community Resources screen presents an organized list of informational folders. Scroll vertically to see all of the folders in the list.

Each folder may contain one or more documents (blue text) or additional folders (grey box).

Click the down arrow to the right of the folder name to open it and view its contents. Click the arrow again to close the folder.

Click on the name of the document you wish to view to open it. Depending on the type of document you are viewing, you may have the ability to view, print, or download it.

Click the **back to all resources** button to return to the main list of folders.
